Thank you Naomi. I will incorporate the certifications into the permits by reference. I will be contacting Philip to get his concurrence regarding this.

John

Hi John,

Hope you had a nice weekend too. There was a Council meeting on 7/3 and the Tribe did approve conditional CWA 401 Certifications for the wastewater treatment facilities. I've attached the two conditional 401 certifications: one for the WWTP and the second one for the two wastewater stabilization lagoons. Please let me know if you have any questions of these certifications.

Thanks,
Naomi

Hi Naomi,

Hope you had a nice weekend. Just checking in to see if there was a Council meeting on 7/3 and if the 401 certification was approved. Please let me know.

Thanks,
John

Hi Naomi,

I assume you meant that you did **not** receive any comments under your public notice. We have not received any either. I hope the Council meeting goes well.

Thanks,
John

Hi John,

We did receive any comments under our public notice. Did you receive any comments via mail? We are scheduled to present the CWA 401 certs at next week's Council meeting (7/3). I'll let you know if that changes.

Thanks,
Naomi

Hi Naomi,

Hope you are well. The public comment period for the Bad River permits ended yesterday and no comments were received to date. If the comments were mailed yesterday, we could still receive them, but I do not think we will get any. Just wondering if you were able to get on the council's agenda this month to seek approval of the 401 cert or if you have to wait till next month. Please let me know.

Thanks,
John
